**NOTICE OF PUBLIC MEETING**  
**RB Case No. 1NHU630 Groundwater Plume**  
**Eureka, California**

The California Regional Water Quality Control Board – North Coast Region (Regional Water Board) invites stakeholders and interested parties to a public meeting on Wednesday, October 10, 2007, at 7:00 PM to discuss the investigation and cleanup of groundwater and soil pollution in the area of 2907 E Street, near the intersection with Grotto Street, in Eureka, California (Site). This Regional Water Board Case is identified as No. 1NHU630.

The meeting will be held at the following time and location:

**DATE: October 10, 2007**  
**TIME: 7 pm to 9 pm**  
**LOCATION: St. Bernard High School Library**  
**222 Dollison Street in Eureka, California**

The purpose of the meeting is to inform the public of the findings from environmental investigations of the Site and to solicit public participation in the development of the cleanup plan for the groundwater and soil contamination. At the meeting, Regional Water Board staff will discuss the availability of water quality data and current data collection activities in and around the Site, the process developed by the State Water Resources Control Board for developing a plan to cleanup the site and improve water quality, and the proposed investigation and cleanup schedule. The Regional Water Board staff will also solicit input regarding how to effectively include the public and stakeholders in the investigation and cleanup process.

Copies of the documents related to the environmental investigations and other Site related documents are available for public review at the information repositories listed below. In addition, an electronic repository is being built for this project and will be available in the near future.
